

SANTA GETS A LITTLE HELP FROM FULFILLNET TEAM

GREEN BAY, WIS. (December 15, 2008) –The FulfillNet, Inc. team joins in to help Santa bring an area family a Merry Christmas.

FulfillNet decided to forego a client gift this year and instead adopt an area family in their client’s honor through the Salvation Army. “We feel it is important to help out especially this year with the need greater than ever due to the economy,” said Kate Burgess, president of Fulfillnet.

The Salvation Army assigned FulfillNet a family of five. The team shopped for gifts such as household items, household supplies, clothing, games and personal items. Once the gifts were purchased, the items were wrapped and delivered to the Salvation Army to be given to the family.

“Every department was involved somewhere in the process,” states Carrie Hagen, Account Manager, and one of the gift wrappers. “It was a team effort and we enjoyed doing it while having fun in the process.”

About FulfillNet, Inc.

FulfillNet, Inc. is a full-service fulfillment solution company created in 1997 to help clients deliver their brand message through three core competencies: fulfillment, direct mail and contact management. For more information about FulfillNet, Inc. visit www.fulfillnetinc.com.
